### About First Aid at Work

This Regulated Qualification is ideal for anyone wishing to become a first aider. It covers a wider range of subjects than that covered by the Emergency First Aid at Work qualification. It provides learners with the skills and knowledge to deal with first aid situations in higher risk workplaces or workplaces with an increased number of employees. Produced in aid of the Health and Safety (First-Aid) Regulations 1981 and the Health and Safety (First-Aid) Regulations (NI) 1982 purposes.

As this is a Regulated Qualification, an Employer who obtains training from our Approved Centre is not required to carry out any due diligence on the training provider in order to ensure the suitability of the training (HSE statement).

### Assessment

The practical Learning Outcomes are assessed by observation. Multi Choice Questions (MCQ) for theory and underpinning knowledge.

This qualification is made up of 2 Units, which are assessed separately:

- ✓ Unit 1: 2 Emergency First Aid at Work also form part of this assessment.
- ✓ Unit 2: Recognition and Management of Illness and Injury in the Workplace

To Award this qualification the Learner must 100% pass of the assessments carried out by observation together with a percentage pass in the MCQ paper.
