About

The Industry Common Induction (ICI) provides staff with a health and safety induction for working in construction sites, rail depots and station maintenance. Network Rail has developed it, in partnership with ISLG (Infrastructure Safety Liaison Group) and RIAG (Rail Infrastructure Assurance Group). It covers the safety procedures and risks that are common across the rail industry, whatever the role and type of site.

Who is the Course Suitable for?

This assessment is recommended for all personnel who will be working within a Network Rail site. The ICI competence is mandatory for any operative accessing a Network Rail Infrastructure Project site.

Key Facts

- **Course Duration:** 60 Minutes
- **Venue:** Canning Town, London
- **Price:** £45.00 (All prices subject to VAT)
- **Includes:** Assessment

Course Objectives

ICI will improve safety and productivity on sites:

- ✓ Because all workers have had the ICI, their site-specific inductions can focus on the risks and hazards that are particular to the job they are doing and the place where they are working.
- ✓ The knowledge testing makes sure the induction has been understood.
- ✓ There is re-certification every 60 months to make sure knowledge is kept up-to-date.
- ✓ There are clear records of the whole workforce, trackside and non-trackside.

Additional Information

Before attending the ICI Assessment, it is recommended to complete the ICI E-Learning. It is the sponsor's responsibility to create the login details to the E-Learning system and register the candidate for ICI.

Assessment + E-Learning

If any individual requires assistance with undertaking the e-learning module, Tec Training can provide classroom-based e-learning, where support with using computers is available for an additional charge of £55.00. Please contact via email on info@tectraining.co.uk or 02074761111 for more information.

Candidates must achieve at least 80% to pass the assessment.
