About

This course is to convert persons with the current COSS competence to SWL1. The Safe Work Leader competence is required to be held by anyone who is required to plan and set up a safe system of work on or near the line for a group of persons. The course includes the importance of using the correct planning protocols, applying the SSOW and adopting the appropriate behaviours to be able to carry out this safety and effectively.

A SWL can also carry out the duties of an IWA providing there are no medical restrictions that would prevent this.

Course Aims

This course converts persons with the current COSS competence to the SWL1 competence.

Who is the Course Suitable For?

This course is for anyone who currently holds the COSS competence and requires to hold the SWL1 competence.
